2015 Chicago Food Day
with events and activities from October 22-24th.

Back by popular demand, the “Hidden Cash Social Buzz” campaign brings
packaged cash, gift cards, and promotional goods—hidden throughout Chicago—to
participants to share and create their own farm to table experience.

Chicago Food Day is seeking businesses, including restaurants, urban farms,
natural food retailers, healthy food services and related products and services,
for sponsorships, exhibitions and demonstrations and event collaboration.

Chicago Food Day also welcomes community members interested in
donating professional services and/or volunteer services.
